

Summer 2019 Teaching Assistant Job Posting

University of Toronto (St. George Campus)
DEPARTMENT OF ASTRONOMY & ASTROPHYSICS

Posted on March 18, 2019

Summer Session (May-June; July-August, 2019)

Applications due April 8, 2019

Course Number and Title	Course Enrolment (est.)	Number of Positions (est.)	Size of Appointment (hours)	Dates of Appointments	Qualifications (for all courses)	Duties (for all courses)
AST101H1 F	195	4	70	May 6-July 4, 2019	Prior TA experience and a university level background in astronomy. Preference will be given to applicants with an interest and aptitude in teaching astronomy. First consideration will be given to full-time graduate students at the University of Toronto.	Specific duties will be assigned by the course instructors but normally involve leading tutorial sections, marking of tests and assignments, office hours for counselling and in some cases conducting observing sessions.
AST251H1 F	195	4	70	May 6-July 4, 2019		
AST201H1 S	195	4	70	July 2-August 29, 2019		

Department Standards and Policies are available in the Department office and in the CUPE, Local 3902 Unit 1 office. The position(s) posted above is (are) tentative, pending final course determinations, enrolments and available resources. Late applications will not be accepted. TAs will only be assigned to courses in fields in which they are or should be qualified to assist.

The following rates apply effective May 2019: Undergraduate \$ 45.33 per hour, SGS I \$ 45.33 per hour, SGS II \$ 45.33 per hour. Please note that should rates stipulated in the collective agreement vary from rates stated in this posting, the rates stated in the collective agreement shall prevail. The rate of pay is established by the Collective Agreement between Canadian Union of Public Employees (CUPE), Local 3902 Unit 1 and the University of Toronto. These jobs are posted in accordance with the CUPE3902 Unit 1 Collective Agreement.

Applications should be forwarded by the deadline of April 8, 2019 via email (grad.sec@astro.utoronto.ca) to:
Professor Marten van Kerkwijk, Associate Chair, Undergraduate, Department of Astronomy and Astrophysics, University of Toronto
